

Name: Vidhi Sharma

ID: 201320

Project: Selenium Testing and Docker

Objective – Creating docker image & deploying in docker container and create word document with screenshot & perform think testing an java project.

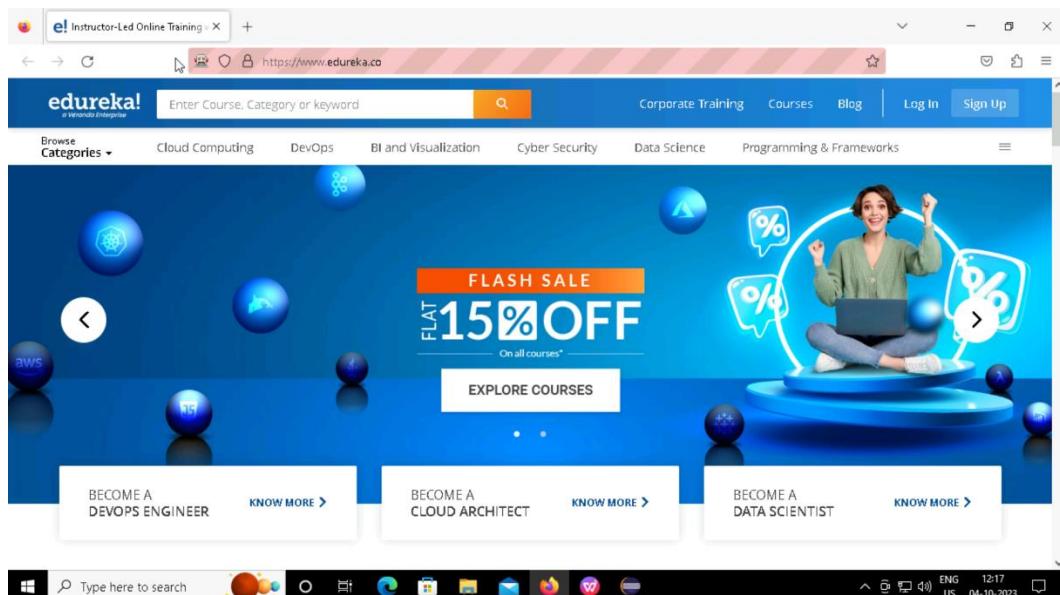

- Selenium Testing of Edureka Website

The screenshot shows the Eclipse IDE interface with the following details:

- Project Explorer (left):** Lists various projects and files, including "demo1231", "demo2320", "demo320", "demoSelenium", "demoseelenium31", "demotestNG", "JenkinsDemo", "ProjectVS", "seleniumdemodemo", and "vidhineew31".
- Editor Area (center):** Displays the Java code for `ProjectVSApplication.java`, `ProjectVS/pom.xml`, and `project21.java`. The `project21.java` code is as follows:

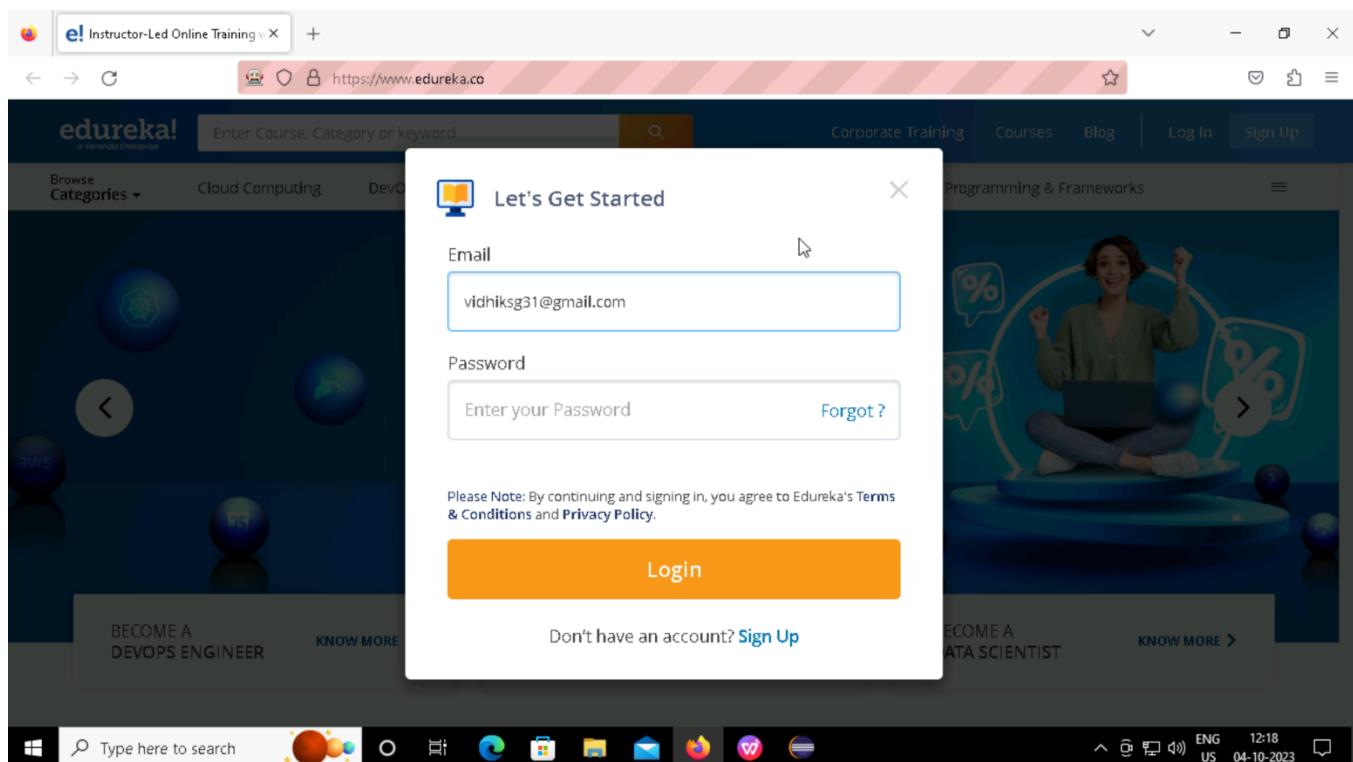

```
1 package com.amdocs;
2
3
4 import org.openqa.selenium.By;
5
6
7 public class project21 {
8
9     public static void main(String[] args) throws InterruptedException {
10         FirefoxDriver dr = new FirefoxDriver();
11         dr.get("https://www.edureka.co/");
12         dr.manage().window().maximize();
13         //dr.findElement(By.xpath("//html/body/header/nav/ul/li[4]/span")).click();
14         //dr.findElement(By.xpath("//*[@id='si_popup_email']")).sendKeys("vidhiksg31@gmail.com");
15         //dr.findElement(By.xpath("//*[@id='si_popup_password']")).sendKeys("Vidhi123@");
16         //dr.findElement(By.xpath("//html/body/div[6]/div/div/div[2]/div[3]/form/button")).click();
17         //Thread.sleep(4000);
18         //dr.findElement(By.cssSelector("#nav > li:nth-child(1) > a:nth-child(1)").click();
19         //Thread.sleep(2000);
20         //dr.findElement(By.cssSelector("div.course-col:nth-child(2) > a:nth-child(2) > button:nth-child(6)").click();
21
22     }
23
24 }
```

- Outline View (right):** Shows the class structure with `com.amdocs` and `project21` containing the `main(String[])` method.
- Problems View (bottom left):** Shows the status of the project21 Java Application.
- Console View (bottom center):** Displays the terminal output of the application's execution, showing logs related to Marionette and WebDriver interactions.
- Bottom Status Bar:** Shows the current time (20:11:819), battery level (Building: 26%), and system information (ENG, 12:17, US, 04-10-2023).

The screenshot shows the Eclipse IDE interface with the following details:

- Project Explorer (left):** Lists various Java projects and files, including "demo1231", "demo2320", "demo320", "demoSelenium", "demoseelenium31", "demotestingNG", "JenkinsDemo", "ProjectVS", "seleniummdemo", and "vidhinhew31".
- Editor Area (center):** Displays the source code for `ProjectVSApplication.java`. The code imports `org.openqa.selenium.By` and defines a `project21` class with a `main` method. The `main` method initializes a Firefox driver, navigates to a URL, and performs several interactions with the page elements using XPath and CSS selectors.
- Outline View (right):** Shows the class structure with the `project21` class and its `main` method.
- Console (bottom):** Shows the terminal output for the `project21` application. It includes logs from Marionette, WebDriver BIDI, and RemoteAgent, indicating the session ID and listening ports (54961, 14975).

ENG US 12:19 04-10-2023

The screenshot shows the homepage of the Edureka website. At the top, there's a banner for a 'FLASH SALE - Flat 15% Off' with the offer ending in 00 D 11 H 39 M 50 S. Below the banner is a search bar with placeholder text 'Enter Course, Category or keyword'. To the right of the search bar are links for 'Refer', 'Courses', 'Community', and a user profile icon. A navigation menu below the search bar includes 'Browse Categories', 'Cloud Computing', 'DevOps', 'BI and Visualization', 'Cyber Security', 'Data Science', and 'Programming & Frameworks'. On the left, there are three call-to-action boxes: 'BECOME A DEVOPS ENGINEER', 'KNOW MORE >', 'BECOME A CLOUD ARCHITECT', 'KNOW MORE >', and 'BECOME A DATA SCIENTIST', each with a corresponding icon. On the right, there's a 'Drop us a Query' form with fields for phone number (+91 89517 55408) and email (vidhiksg31@gmail.com), and a text input field for the query. A large orange button at the bottom right says 'SUBMIT QUERY'. The URL in the address bar is <https://www.edureka.co>.

The screenshot shows the Eclipse IDE interface with a Java project named 'ProjectVS'. The code editor displays a file named 'project21.java' containing the following Java code:

```
1 package com.amdocs;
2
3 import org.openqa.selenium.By;
4
5 public class project21 {
6
7     public static void main(String[] args) throws InterruptedException {
8         FirefoxDriver dr= new FirefoxDriver();
9         dr.get("https://www.edureka.co/");
10        dr.manage().window().maximize();
11        dr.findElement(By.xpath("//html/body/header/nav/ul/li[4]/span")).click();
12        dr.findElement(By.xpath("//*[@id='si_popup_email[*]']").sendKeys("vidhiksg31@gmail.com");
13        dr.findElement(By.xpath("//*[@id='si_popup_passwd[*]']").sendKeys("Vidhi1230");
14        dr.findElement(By.xpath("//html/body/div[6]/div/div[2]/div[3]/form/button")).click();
15        Thread.sleep(4000);
16        dr.findElement(By.cssSelector("#nav > li:nth-child(1) > a:nth-child(1)").click();
17        //Thread.sleep(2000);
18        //dr.findElement(By.cssSelector("div.course-col:nth-child(2) > a:nth-child(2) > button:nth-child(6)").click();
19    }
20
21 }
22
23
24 }
```

The Eclipse interface includes a Package Explorer, Outline view, Problems view, Javadoc, Declaration, Console, TestNG, and Coverage tabs. The Console tab shows log output related to Selenium and Marionette. The status bar at the bottom indicates the date as 04-10-2023 and time as 12:21.

The screenshot shows the Edureka website for Cloud Computing certification courses. The header includes the Edureka logo, a search bar, and navigation links for Refer, Courses, Community, and Edureka. The main content area features a large banner for 'CLOUD COMPUTING CERTIFICATION COURSES' with a subtext about the demand for skilled professionals. Below the banner, a section for 'Cloud Computing Bestseller Courses' is shown, featuring icons for AWS Architect, Microsoft Azure, Google Cloud Certification, and Microsoft DevOps.

The screenshot shows the Eclipse IDE interface with a Java project named 'ProjectVS'. The code editor displays a Java file named 'project21.java' containing a main method that uses Selenium WebDriver to interact with a web browser. The browser window shows the Edureka login page. The Eclipse status bar indicates the run date and time as '04-10-2023 12:21'. The bottom taskbar also shows the system clock and language settings.
